Message From the Principal

Dear Parents,

I just left HalloWilcox with our kindergartners! It was so much fun to see them dressed up and trick or treating at our central office. They were polite and well mannered and made me very proud! The district did an amazing job decorating for our visit. (I think they had as much fun as the kids did!)

We are always working on improving our practice and one of the things that we are focusing on this year is improving our feedback in writing. Last year we began looking at writing rubrics that we felt would give students and parents accurate information about progress in writing. We also wanted a rubric that would give our teachers information about next teaching and learning steps for their students. We piloted a couple of rubrics and after a few tweaks settled on one that we will be using as a school.

We do formal writing samples three times a year and will be using our new rubric to assess them. I know that many teachers shared the first writing sample with parents at conferences. Hopefully you were able to see how your student is currently performing and areas of strength and weakness.

We will be working as a staff to calibrate and ensure that we are all utilizing the rubric in a similar manner. The rubric will be our primary data point for final scores on the Progress Report which I am excited about because I believe it will help to standardize our scores. We are anticipating that we will see a dip in writing scores initially, but because we

will be able to better focus on what kids specifically need in writing those scores should go up quickly!

If you haven't seen the new rubric yet, I encourage you to ask your child's teacher to share it with you. If you have any questions or concerns about the rubric, I would love to chat with you about it further.

Every day I am grateful for the opportunity to serve such an amazing school. Thank you for entrusting your children to us!

Sincerely,
Kellie Roe

Berry's Bits

Hello Clear Sky Families,

November is the time of giving. With Thanksgiving right around the corner, it is a good time to reflect on all of the things that we are thankful for. I have an amazing list of things to be thankful for, including my wonderful family and an amazing school to work at each day! I try to find the time with my own children to talk about what it means to be thankful and how we can show thanks.

During this season, find time to talk about the importance of giving during the current and upcoming holiday season. There are some many ways to give thanks. Random acts of kindness or donating food, clothes or toys are all ways to give during this season. Also, sitting together with the family to eat dinner or play a game helps students (and adults) realize what we have and what we are thankful for.

It is so easy during this busy time of year for memories to fly by and not leave a mark. Slow down during this time of year and remember what is important and create memories!!!

Thank you for all you do for our students,
Mrs. Berry

Book Fair

THE ARCTIC BOOK FAIR IS COMING! Come to the fair and find your favorite titles for reading. Did you know that book ownership plays an important role in developing children's ownership of reading? (Miller & Sharp, 2018) The book fair is a fundraiser to raise funds for our library. Please plan to come! This may be a perfect time to get in some early Christmas shopping!

Book Fair dates & hours: **Friday, November 15:** 8:30am – 4:30pm

Monday, November 18: 8:30am – 4:30pm

Tuesday, November 19: 8:30am – 7:15pm

Wednesday, November 20: 8:30am – 4:30pm

Thursday, November 21: 8:30am – NOON

If you are interested in helping at our bookfair, please take a look at our opportunities to volunteer on this signup genius: <https://www.signupgenius.com/>

Grade Level Happenings

4th – 6th grades

Since the return of Fall Break, we have started our recorders unit. All students should have their own purchased recorder and book. These are available at www.myschoolbucks.com.

These items are **required**. If your student needs only one of these items, you may order them from there as well. Free/Reduced lunch, please go to the same sight and order the same way, it has that option for you. If they have last years' materials, it is the same and should be used this year and years to come.

3rd Grade

Veterans Day Program Nov. 8, 2019 @ 3:00pm. A thank you to our Veterans, currently serving, police, firefighters, paramedics and more. We will start recorders after the program. See above to order.

2nd and 1st grades

Music Theory? How to read and write music and put it into playing instruments. Fun unit that takes us everywhere music has to offer. Ask your student about their exploring of music.

Kindergarten

Keep that beat! What's a beat? How do we play a beat? Using non-pitched instruments to learn how to play the beat

Fall Singers Concert

Innovation Lab

We are in our third round of rotations for the Innovation Lab and we are focusing on circuits. With some of the challenges, students will also have the opportunity to continue their work with coding. Students in the younger grade levels will have the opportunity to explore the concepts of basic circuitry using either Snap Circuits or "Squishy Circuits". Below are the design challenges that each grade level will be working on during this unit:

Kindergarten: How might you design and build a creation that includes a complete circuit?

1st Grade: How might you design and build a creation that includes a complete circuit?

2nd Grade: How might you design and build a creation that includes a complete circuit?

3rd Grade: How might you design and build an instrument from recycled items that includes some type of circuit component?

4th Grade: How might we design and create an obstacle for a mini-golf course using littleBits and other materials?

5th Grade: How might you use littleBits and other materials to "Hack Your Fall/Halloween/Thanksgiving" OR How might you use a micro:Bit and other materials to create a musical instrument?

6th Grade: How might you use littleBits and other materials to remake your favorite carnival game, or imagine a brand new game? OR How might you use littleBits and coding to create a 2 person game?

Want to learn more about Design Thinking or LAUNCH?

Visit these two resources:

Design Thinking - <https://www.ideou.com/pages/design-thinking>

LAUNCH - <http://thelaunchcycle.com/>

WANT TO DONATE?

We are always looking for materials, expertise, and extra hands! Some of the items we can use are: Clorox Wipes, paper towel, Windex Vinegar Spray, old Operation games...we need it for dissection, Snap Circuits (even if they are missing pieces we can use them). Visit our updated Google Doc (<https://goo.gl/3RlMpJ>) to see what materials we need. If you want to volunteer your time, please feel free to contact me. You will find a form on the "Maker Program Materials" page.

Science Special

We wrapped up our unit on physical science last week. During this unit, we had the opportunity to have Peter Davison visit our school. He performed his show, Loco Motion: The Science and Circus Act Show. He not only amazed us with his acts but he taught the kids about gravity, force, balance, and Sir Isaac Newton and his three laws of motion. Thank you PTO for making this assembly possible.

We are starting our new rotation during the last week of October. The grade levels will be working on the following concepts:

Kindergarten and 1st grade:

Our youngest scientists will be working on observation and learning about the weather. They will be weather watchers and through hands-on activities, they will investigate types of weather, how clouds are formed, and what causes it to rain and snow.

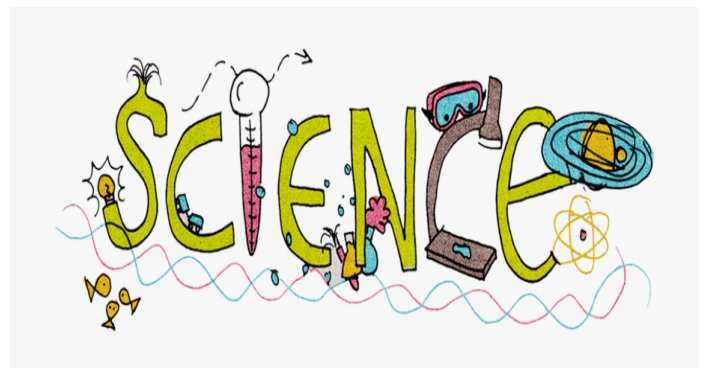

2nd and 3rd grade:

Our focus will be learning about data collection and measurement through hands-on experiments. Students will be learning some strategies for collecting/recording data and how to represent the data in graphs. They'll be learning about measuring liquid volume, mass, and length and will use these skills to conduct an experiment involving growing sea creatures.

4th, 5th, and 6th grade:

Our focus will be learning about variables in experiments. We will discuss independent, dependent, and controlled variables and will focus on the importance of having only one independent variable in an experiment. Students will conduct various experiments and will identify the variables involved. These will be great skills for the students if they choose to participate in our science fair coming late February.

Thank you for sharing your young scientists with me. I absolutely love the opportunity to watch them grow, experiment, and learn.

English Language Learner (ELL) Update

Ms. Roach

Mrs. Sawaged

adsawaged@dcsdk12.org

Dear Families,

Our Reading Together program is launching and students are so excited to be in the program! Parents letters were sent home and based on the responses, we will start with Phase I where tutors will mentor as reading partners with students within our program to enrich and develop reading strategies through mentor text. We are so excited that our students both tutors and tutees develop reading skills and strategies that will help them access the content learned in the classroom.

Ms. Roach and I encourage you to download the [TalkingPoints](#) app on your phone as a way to communicate with us and the school. Talking Points offers a great opportunity for families and teachers to communicate in whichever language they feel comfortable with.

Please don't hesitate to call or email us with any questions or concerns.

Queridas familias,

¡Se está lanzando nuestro programa Reading Together y los estudiantes están muy emocionados de estar en el programa! Las cartas de los padres fueron enviadas a casa y, en base a las respuestas, comenzaremos con la Fase I, donde los tutores serán mentores como socios de lectura con los estudiantes dentro de nuestro programa para enriquecer y desarrollar estrategias de lectura a través del texto del mentor. Estamos muy emocionados de que nuestros estudiantes, tanto tutores como tutees, desarrollen habilidades y estrategias de lectura que los ayudarán a acceder al contenido.

aprendido en el aula.

La Sra. Roach y yo lo alentamos a que descargue la aplicación [TalkingPoints](#) en su teléfono para comunicarse con nosotros y con la escuela. Talking Points ofrece una gran oportunidad para que las familias y los maestros se comuniquen en cualquier idioma con el que se sientan cómodos. No dude en llamarnos o enviarnos un correo electrónico con cualquier pregunta o inquietud.

Notes from the Front Office

- **Entrance into the building or school grounds:** All parents and/or visitors must get checked into the building or school grounds at the office. You will need a **photo ID** to receive a sticker pass. This ensures students and staff that visitors have been properly checked in at the office. Upon leaving we ask that you stop by the office to return your stick to get checked out.
- **Attendance:** All students who will be absent from school will need parents to call the attendance line at **303-387-5902**. Please leave a detailed message as to why your child will not be at school along with the dates your student will be gone to avoid getting an attendance call and ensure their absence is excused. You can call the attendance line any time of the day, night, or days in advance. **IF** your child will be late to school you can leave a message on the attendance line to inform us of their tardiness to avoid getting an attendance call. All students **MUST** be signed in by a parent. All attendance will get updated from the sign in/sign out sheet in the front office.
- **End of the day messages:** Messages get sent to your child at the end of the school day. We have noticed an influx of last minute messages this year. We ask that parents call by 3:30p to ensure your child gets the message he or she needs to make it home safe. **We will not take or send messages after 3:30p.**
- **Substitutes Needed**
Do you or someone you know have a Bachelor's Degree or Higher? Have you ever thought about substitute teaching? We'd love to have you come in and substitute teach at CSE!
To get your substitute license from the state, go to <https://www.cde.state.co.us/cdeprof/checklist-substituteauth3year> and follow the steps to get your authorization from the State of Colorado. Once that is completed, you can apply to be a substitute. By going to <https://www.dcsdk12.org/cms/one.aspx?portalId=220484&pageId=5760488> you will see the district page for Licensed Substitute Teachers, including how to put in your application. We have found that our best substitute teachers often come from our parent community. The best part is, you can choose to only at Clear Sky!

- **Cleaning out your closet?**
Please consider donating some clothes to our Health Room. We are in need of boys size 4-7 shorts/sweatpants, socks, and slip on shoes like crocs

Thank you for all you do!

School Counselor – Second Step

An important skill which the Second Step Program emphasizes is empathy. Teaching empathy can help students manage interpersonal conflict at school, help them be a good friend, and be a leader. The lessons in the empathy unit focus on helping identify emotions in themselves and others, which is a part of empathy. If you would like more information on instilling empathy in your child, I would recommend the book, "Unselfie: Why Empathetic Kids Succeed in Our All-About-me World, by Michele Borba.

Upcoming Lessons in November

NOVEMBER SUPERHERO CHALLENGE

PLANKSGIVING

Ditch that Halloween candy and get ready to celebrate the next holiday – Planksgiving! Sure, we totally made that up, but with Thanksgiving right around the corner, we thought it would be fun to switch things up a bit! For the entire month of November, you will be planking and thanking your way to a better YOU! Each day, we will plank and give thanks to someone or something in our lives! The 30-Day Plank calendar will get progressively harder as we go through November. Rest days are provided every five days to give you a chance to let your muscles recuperate. Stay aware of your form at all times! It's quality, not quantity that counts. If you find the daily total too difficult to achieve, just plank as long as you can, or break it up into smaller sets. While you are planking your heart out, we want you to focus on what you are thankful for! Maybe try to do it as a family. Turn in this completed form in on December 4th to the office or the yellow health box in the library/learning commons. The classroom with the most participation will earn the Super Hero Health trophy to keep in their classroom until the end of the next challenge.

2019 NOVEMBER

SUN	MON	TUE	WED	THU	FRI	SAT
					¹ 20 seconds	² 25 seconds
³ 30 seconds	⁴ 35 seconds	⁵ Rest	⁶ 35 seconds	⁷ 40 seconds	⁸ 45 seconds	⁹ 50 seconds
¹⁰ Rest	¹¹ 50 seconds	¹² 55 seconds	¹³ 1 minute	¹⁴ 65 seconds	¹⁵ Rest	¹⁶ 65 seconds
¹⁷ 70 seconds	¹⁸ 75 seconds	¹⁹ 80 seconds	²⁰ Rest	²¹ 80 seconds	²² 85 seconds	²³ 90 seconds
²⁴ 95 seconds	²⁵ Rest	²⁶ 95 seconds	²⁷ 100 seconds	²⁸ 105 seconds	²⁹ 110 seconds	³⁰ 2 minutes

This is a school-wide Superhero challenge. We will have a new challenge each month. Stay tuned to your Thursday folders for new challenges or go to

CLEAR SKY PTO

PTO Update | November 2019

The Holiday Shop is coming soon! Dates this year are December 2nd-December 6th. This program makes it possible for children to experience the joy of choosing their own special holiday gifts for family and friends. The Holiday Shop will be set up at the school and supervised by our parent volunteers. We believe this program can create wonderful memories for the children while teaching them to budget their money and make their own decisions. There will be a large variety of gifts in different price ranges to choose from. We will be sending home a “money control” envelope, that you can use to help your child decide who they should buy gifts for, and how much they should spend. You can even suggest ways that your child can earn extra shopping money!

Be on the lookout for the flyers and envelopes to come home in Thursday folders. And as always, we can't do this without your help. A signup will be sent out soon with time slots for parents to come and help. Thank you in advance for helping to make the Holiday Shop a positive experience for our students!

Chipotle Spirit Night

Monday, November 18th
5-9pm

5642 Allen Way

Make sure to bring a flyer (hard copy or on your phone)

Hope to see you there!

King Soopers has changed their rewards program. Clear Sky Elementary can now get credit each time you use your King Sooper rewards card by following these simple steps:

- Go to <http://www.kingsoopers.com>
- Either create an account if your King Sooper card is not registered yet or log into your account. New users will need to create a new account which requires some basic information, a valid email address and a King Soopers loyalty card.
- Once logged in, click on community rewards and search for Clear Sky Elementary by name or enter the code PH868 and then click Enroll.

Please contact CSEPTOpresident@gmail.com with any questions.
